Description of the general nature of what was agreed to if an agreement was reached, or any other comments: As with the other related files of Hampton, the concern is still with the enabling of fragments. The amendments obviated portions of the previous rejections but the new claims related various modifications that do not appear to be enabling. The EPO will accept certain modifications such as conservative or other known/deceptable modifications or others excluded, genuine modifications as claimed are still non-enabling. The art to Smith would only be maintained if there is overlap in the sequence for the p55 and p75  
(A fuller description, if necessary, and a copy of the amendments, if available, which the examiner agreed would render the claims allowable must be attached. Also, where no copy of the amendments which would render the claims allowable is available, a summary thereof must be attached.)

1. ☐ It is not necessary for applicant to provide a separate record of the substance of the interview.

Unless the paragraph above has been checked to indicate to the contrary, A FORMAL WRITTEN RESPONSE TO THE LAST OFFICE ACTION IS NOT WAIVED AND MUST INCLUDE THE SUBSTANCE OF THE INTERVIEW. (See MPEP Section 713.04). If a response to the last Office action has already been filed, APPLICANT IS GIVEN ONE MONTH FROM THIS INTERVIEW DATE TO FILE A STATEMENT OF THE SUBSTANCE OF THE INTERVIEW.

2. ☐ Since the Examiner's interview summary above (including any attachments) reflects a complete response to each of the objections, rejections and requirements that may be present in the last Office action, and since the claims are now allowable, this completed form is considered to fulfill the response requirements of the last Office action. Applicant is not relieved from providing a separate record of the interview unless box 1 above is also checked.

Examiner Note: You must sign this form unless it is an attachment to another form.

Description of the general nature of what was agreed to if an agreement was reached, or any other comments: *Since claims are*

*pre-dominantly to soluble form of p 55 (only relative to fragment to use in claim). Relative to Wallace, applicants will consider amending the claims to distinguish over art such as by process of prep, or glass/plastic pattern etc., but the pattern seems to be the same. Only relative to 484307 the prep process claims need to be amended to remove improper limitation for*
